

2011-12 Career and Technical Education

Regional Standards Workshops

for Secondary CTE Instructors & Administrators, School Administrators & High School Counselors

The Colorado Community College System (CCCS) will be in your vicinity with several Career and Technical Education (CTE) workshops. The purpose of these workshops is to provide an opportunity for secondary CTE educators and administrators, as well as school administrators and counselors, to meet with state Career and Technical Education staff. CCCS staff will cover the integration of academics within CTE programs using Common Core and CTE Standards, as well as the latest on Plans of Study and Individual Career and Academic Plans (ICAPs).

These are excellent workshops for both new and experienced secondary CTE instructors and administrators. School administrators and counselors are also invited to attend.

Workshop Schedule: 8:00 a.m.–3:00 p.m.

| | |
