**New Perkins Local Plan in FY 2009 - 2010**

You can NOT create a new Perkins local plan right now because a Perkins local plan already exists for your institution. Only one Perkins local plan may be created at each institution within a fiscal year. To revise or access an existing Perkins local plan, go to the bottom section and select the Perkins Local Plan Number from the drop down list.

**Your Existing Perkins Local Plan**

Select your Perkins Local Plan Reference Number below to revise or access this Perkins local plan. The corresponding application year is provided for your reference as well. Please note that once you click on the button *Return to Local Plan* it may take a minute or two to load your local plan. (You only need to click this button one time.)

Note:

- The Actual Levels for Performance Metrics S1 and S2 include CTE students who scored "Partially Proficient" and above, therefore these figures cannot be directly compared to School Accountability Reports from CDE that includes just those who scored "Proficient" and above.
- A performance data is highlighted in red if it is not equal to or greater than at least 90.0% of the defined target level and the total student population (denominator) is greater than 30.
- These reports are based on the most recently available full data sets. Specifically, for this report, metrics based on enrollment data reflect activity for the 2007-2008 academic year and metrics based on placement data reflect activity for 2006-2007 program completers.
- Specific measurement descriptions can be found in [Secondary Performance Measurement Definitions](#) and [Postsecondary Performance Measurement Definitions](#).
- To allow recipients to begin submittals of Local Plans prior to July 1, previous year data is compared to current year targets.
